MC ROD WIPER

The **MC Rod Wiper** provides excellent wiping performance and high wear resistance for medium to heavy duty rod applications. This design features a metal cased polyurethane wiper intended to press-fit into industry-standard open glands and prevent corrosion, in addition to including a knife-trimmed lip for maximum exclusion performance.

The **MC Rod Wiper** is recommended for medium to heavy-duty rod applications requiring low temperature and low pressure.

STANDARD MATERIALS

Material Code	Description	Color
P93U/Steel	Low Temperature Polyurethane Wiper, Steel	Black/Silver

*Other material options are available upon request.

FEATURES

- Excellent Wiping Performance
- High Wear Resistance
- Low Temperature (-40°F)
- High Temperature (+250°F)
- Velocity up to 3 FPS
- Low Friction
- Cost Effective
- Zero Leak Performance
- Easy Installation
- Robust Design
- Fits Industry Standard Seal Glands
